SPECIAL TOWN MEETING

May 26, 1947

In accordance with a warrant given under the hands of the Selectmen on May 19, 1947, the inhabitants of Bellingham qualified by law to vote in elections and town affairs met at the Town Hall in said Bellingham on Monday, May 26, 1947, at 8:00 P. M., and proceeded as follows:

In the absence of Moderator William W. Fairbanks, Town Clerk Leo A. Gosselin opened the meeting by calling for the election of a Moderator pro tem; and Gordon C. MacMasters was elected Moderator pro tem.

There being less than seventy-five voters at the meeting, the Moderator declared the lack of a quorum, and the meeting was adjourned to 8:45 P. M.

Upon reconvening, the necessary quorum of seventy-five was established, and the Town Clerk proceeded with the reading of the Warrant.

Upon motion of Herbert Hannah, duly seconded, it was voted to act first on Article 8, and on Article 1 last, and that any money voted to be transferred from the Excess and Deficiency Fund when available, be transferred in the order voted at this meeting.

ARTICLE 8. On motion of Herbert Nutting, duly seconded, it was voted that the sum of \$1200 be transferred from the Excess and Deficiency Fund when available, for the purchase of a new pump for the Water Department pumping station. **Vote: unanimous.**

ARTICLE 2. On motion of Joseph I. Taylor, duly seconded, it was voted that an amount not exceeding \$10,000 be transferred from the Excess and Deficiency Fund, when available, for the installation of an oil heating system as per specifications recommended by the Special Heating Committee, whose appointment by the Moderator was authorized at the Annual Town Meeting of March 7, 1947; said sum to be expended; said installation to be supervised; and said bids to be opened in the presence of, and awarded by, a joint committee consisting of the Special Heating Committee, the School Committee, and the Board of Selectmen. **Vote: unanimous.**

ARTICLE 3. On motion of Robert Hunter, duly seconded, it was voted to pass over this article.

ARTICLE 4. On motion of Timothy E. Foley, duly seconded, it was voted that the sum of \$2000 be transferred from the Excess and Deficiency Fund, when available to resurface the present sidewalk along Hartford Avenue with type "T" hot mix. **Vote: Yes: 62; No: 6.**

ARTICLE 5. On motion of Timothy A. Riordan, as amended by Ellsworth R. Crooks, and duly seconded, it was voted to authorize the Water Commissioners to sell water to the Town of Mendon at a rate of not less than Fifteen (.15) Cents per 1000 gallons; said Town of Mendon to assume all costs of installation and maintenance of pipes and equipment from the point of connection with the Bellingham water main, to, and through, Mendon.

ARTICLE 6. On motion of Herbert Hannah, duly seconded, it was voted to authorize the Water Commissioners to purchase a new 1947 Chevrolet truck, 1 ton, body 52 and 7/16 wide, 108 and 3/32 long, for the sum of \$1200, less the trade-in value of the old truck; said sum to be expended from the Water Department available funds. **Vote: unanimous.**

ARTICLE 7. On motion of Herbert Hannah, duly seconded, it was voted that the sum of \$3000 be transferred from the Excess and Deficiency Fund when available, for the purchase of a rebuilt grader. Vote: unanimous.

ARTICLE 1. On motion of Joseph I. Taylor, duly seconded, it was voted to direct the Finance Committee to investigate the 1947 tax rate, and if, in their opinion, it is found to be a false rate, authorize the Town Treasurer to demand reimbursement of all salaries paid to the Assessors during 1947.

On motion of Joseph I. Taylor, duly seconded, it was voted to dissolve the Warrant at 10:20 P. M.

SPECIAL TOWN MEETING

August 4, 1947

In accordance with a warrant given under the hands of the Selectmen on July 25, 1947, the inhabitants of Bellingham qualified to vote in elections and town affairs met at the Town Hall in said Bellingham on Monday, August 4, 1947, at 8:00 P. M., and proceeded to act on the warrant as follows:

In the absence of Moderator William Fairbanks, Town Clerk Leo A. Gosselin opened the meeting by calling for the election of a Temporary Moderator, and Gordon C. MacMasters was elected Temporary Moderator.

The necessary quorum of seventy-five voters having been established, Town Clerk Leo A. Gosselin read the Warrant and the Return on the Warrant.

On motion of William Buckley, it was voted to take up Article 1 of the Warrant as the last article.

ARTICLE 2. On motion of Timothy A. Riordan, it was voted that the action of the Town Meeting held May 26 transferring to the Water Department the sum of \$1200.00 from Excess and Deficiency Account when available, be rescinded.

On motion of Timothy A. Riordan, it was voted to transfer the sum of \$1150.00 from the Overlay Surplus Account to the account of

the Water Department for the purchase and installation of a new pump for the pumping station, plus \$400.00 for current expenses, making a total of \$1550.00. Vote: unanimous.

ARTICLE 3. On motion of Andor deJony, it was voted to transfer the sum of \$2050.00 from the Overlay Surplus Account to the Welfare Department, said sum to include \$500.00 emergency overdraft authorized by the Board of Selectmen as of July 25. Vote: unanimous.

ARTICLE 4. On motion of Herbert Hannah, it was voted to transfer the sum of \$400.00 from the Overlay Surplus Account to the Police Department for current expenses. Vote: unanimous.

ARTICLE 5. On motion of Andor deJony to pass over this article, motion did not carry.

A motion of Romeo Carrier to appropriate the sum of \$600.00 for the "Damages to Persons and Property Fund," said sum to be raised by transfer from the Excess and Deficiency Fund, was declared by the Moderator to have been carried.

ARTICLE 1. Herbert Hannah, a member of a committee appointed by the Selectmen to study and investigate the Insurance policies of the town, made a report of part progress.

Andor deJony, as Chairman of the Finance Committee, reported on the investigation of the 1947 tax rate as authorized by the Special Town Meeting held May 26, 1947.

On motion of Edwin F. Tuttle, it was voted to dissolve the warrant at 10:00 P. M.

SPECIAL TOWN MEETING

December 1, 1947

In accordance with a warrant given under the hands of the Selectmen on November 22, 1947, the inhabitants of Bellingham qualified by law to vote in elections and town affairs met at the Town Hall in said Bellingham on Monday, December 1, 1947, at 8:00 P. M., and proceeded to act on the articles of the warrant as follows:

In the absence of Moderator William W. Fairbanks, Town Clerk Leo

A. Gosselin opened the meeting by calling for the election of a temporary Moderator. Two candidates having been nominated, Gordon C. MacMasters and Alfred E. Staves, a vote was taken, with 54 voting for MacMasters and 54 voting for Staves. A second vote being taken, MacMasters received 59 votes and Staves 57 votes, with MacMasters being declared elected Moderator pro tem.

The required quorum of seventy-five voters having been established, Town Clerk Leo A. Gosselin read the Warrant and the Return on the Warrant.

ARTICLE 1. On motion of Herbert Nutting, it was voted to rescind the action of the Town Meeting held August 4, 1947, transferring \$400.00 from the Overlay Surplus Account to the Police Department.

ARTICLE 2. On motions of Herbert Nutting, Warren E. Whiting and Henry Guerin, it was voted to pass over the various items in this article (to see if the Town will vote to rescind the action of the Town Meeting held May 26, 1947, transferring the following sum of money from the Excess and Deficiency Funds when available: \$10,000.00 for South School Heating System, \$2000.00 for Hartford Avenue sidewalks, and \$3000.00 for rebuilt grader).

ARTICLE 3. On motion of Joseph I. Taylor, it was voted to appropriate the sum of \$5000.00 for Public Welfare, said sum to be raised by transfer of \$4600.00 from estimated receipts and \$400.00 from the Overlay Surplus Account.

On motion of Andor deJony, it was voted to appropriate the sum of \$500.00 for Aid to Dependent Children, said sum to be raised by transfer of \$500.00 from estimated receipts.

On motion of Leo A. Stearns, it was voted to appropriate the sum of \$1800.00 for Old Age Assistance, said sum to be raised by transfer of \$1800.00 from the Excess and Deficiency Account.

On motion of Andor deJony, it was voted to appropriate the sum of \$900.00 for Veterans' Benefits, said sum to be raised by transfer of \$900 from estimated receipts; the said \$900.00 to be for the following purposes: \$850.00 for Veterans' Benefits, and \$50.00 for Veterans' Administration.

ARTICLE 4. On motion of Andor deJony, it was voted to pass over this article (to see if the Town will vote to transfer a sum of money

from the Assessors' appropriation to be used as salaries for the Assessors).

ARTICLE 5. On motion of Edgar Wade, it was voted to appropriate the sum of \$1200.00 for the Machinery Account, said sum to be raised by transfer of \$1200.00 from the Machinery Revenue Account.

ARTICLE 6. On motion of Andor deJony, it was voted to appropriate the sum of \$300.00 for the Treasurer's Department, said sum to be raised by transfer of \$300.00 from the Tax Title Foreclosure Account; the said \$300.00 being for the following purposes: \$100.00 for supplies; \$125.00 for travel expenses; and \$75.00 for Salary.

ARTICLE 7. On motion of Andor deJony, to appropriate the sum of \$1400.00 for the Police Department, said sum to be raised by transfer from estimated receipts, the motion did not carry: a record vote taken in accordance with Section 22 of Article 2 of the town By-Laws did not show the required two-thirds of the voters present and voting as approving the appropriation, the vote being: YES: 62; NO: 57.

On motion of Lionel R. Trudeau, it was voted to appropriate the sum of \$1825.28 for the School Department, said sum to be raised by transfer of \$525.28 from the Dog License Fund, \$400.00 from the Vocational Training account, and \$900.00 from estimated receipts.

On motion of Herbert Hannah, it was voted to appropriate the sum of \$3500.00 for the Water Department, said sum to be raised by transfer of \$475.00 from Mann Street water extension account, \$35.04 from Carrier Street water extension account, and \$2989.96 from estimated receipts.

On motion of Herbert Hannah, it was voted to appropriate the sum of \$400.00 for the Town Hall, said sum to be raised by transfer of \$400.00 from estimated receipts.

On motion of Timothy A. Riordan, it was voted to appropriate the sum of \$250.00 for the North Bellingham Community Building, said sum to be raised by transfer of \$250.00 from estimated receipts.

On motion of Herbert Hannah, it was voted to appropriate the sum of \$1300.00 for Snow Removal, said sum to be raised by transfer of \$544.00 from the Machinery Revenue Account, \$20.51 from the 1945 Snow Removal excess account, \$110.16 from the Scott's Curve account, and \$625.33 from estimated receipts.

On motion of Herbert Hannah, it was voted to appropriate the sum of \$100.00 for Elections and Registration, said sum to be raised by transfer of \$100.00 from estimated receipts.

On motion of Herbert Hannah, it was voted to appropriate the sum of \$200.00 for Street Lighting, said sum to be raised by transfer of \$200.00 from estimated receipts.

On motion of Herbert Nutting, it was voted to appropriate the sum of \$200.00 for South Bellingham Community Building, said sum to be raised by transfer of \$200.00 from estimated receipts.

ARTICLE 8. On motion of Andor deJony, it was voted to pass over this article (to see if the Town will vote to authorize the Selectmen to lay out roads in the vicinity of Lake Hiawatha or any portion thereof.)

ARTICLE 9. On motion of Edwin F. Tuttle, it was voted to pass over this article (to choose any committee, and hear the report of any committee).

On motion of Paul Robidoux, it was voted to dissolve the warrant at 10:30 P. M.

REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars of Voters, composed of Chairman Michael F. Ryan, Harland E. Cook, Ernest Dubois, and Clerk Leo A. Gosselin, held sessions for the registration of voters in 1947 as follows:

Town Hall: February 19,

North Bellingham Schoolhouse: February 11,

South Bellingham Community Building: February 11.

Sessions were held at the Town Hall for the tabulation of votes cast at the Town Election, and for recounts of votes for the office of Town Clerk and Tree Warden.

The number of registered voters as of December 31, 1947, is as follows:

Precinct 1	465
Precinct 2	352
Precinct 3	1092
	<hr/>
Total	1909

REPORT OF THE BOARD OF ASSESSORS

The Board of Assessors herewith present a summary of the figures used in setting the 1947 tax rate:

Gross amount to be raised	\$246,894.03
Total estimated receipts and available funds	\$79,875.96
Net amount to be raised by taxation on polls and property	\$141,123.07
Number of polls—1139	\$2,278.00
Total valuation of personal property—\$339,045	\$13,900.85
Total real estate—\$3,047,420	124,944.22
Total real and personal valuation	\$3,386,465.00
Tax rate for 1947—\$41.00 per thousand.	
Increased valuation from previous year	\$436,219.00

This increase in valuation was the main factor in the reduction of the rate from the previous year.

It is with considerable regret that the Board of Assessors must announce that the sum of \$16,300.00 raised at special Town Meetings during 1947 along with many thousands for unpaid bills for Snow Removal, Police and other departments carried over from 1947 must be charged against 1948 tax rate. This carryover from previous year must inevitably bring about a serious increase in the 1948 tax rate.

REPORT OF THE PHYSICIAN TO THE BOARD OF HEALTH

Board of Selectmen,

Town of Bellingham, Mass.

December 18, 1947.

Gentlemen:

The following is a report of the work done by me as physician to the Board of Public Health during the year:

Toxoid Clinic opened March 19 and closed May 7, 1947.

Fifty-four children received the three protective doses of Toxoid.

Fifteen children received one or two doses and for one reason or another did not finish. The age groups who finished are as follows:

From six months to one year	22
-----------------------------	----

From one year to five years	23
From five years to nine years	8
Over nine years	1

Six children who did not receive booster doses in 1946 were given it this year.

For the first time in the history of the department, a vaccination clinic was held in June for preschool children at which fifty were vaccinated. We were also very fortunate not to have any serious epidemics during the year. There was only one case of Anterior Poliomyelitis reportable which in effect was cured.

I wish to thank you for your co-operation during the year and also Miss Grace Moran, R. N., for her able assistance.

Respectfully submitted,

HAROLD L. SHENKER, M. D.

Physician to the Board of Health.

REPORT OF THE BELLINGHAM MUNICIPAL ATHLETIC FIELD COMMITTEE

The marked improvement in the Municipal Field during 1947 was due to the civic spirit of the people of the town, who wholeheartedly gave of their time and materials.

A work crew, Leo Marchand, Bertrand Boiteau, Eugène Garneau, James Wrenn, and Dave Tuttle, Sr., labored at least one night each week, from April to September. Roland Marchand, Normand Garneau, Girard Daigle, David Tuttle, Jr., Robert Tuttle, William Nicholson and Thomas Nicholson, also worked many nights. A group of younger boys which included Robert Nutting, Sam Gill, and Clifford Stead were of assistance. The fine baseball infield is a tribute to the work of these groups.

Paul Robidoux, Henry Guerin, William and Thomas Nicholson, and Leo Robidoux, working without pay, formed a contracting crew, erecting the new first base bleachers.

Donations of materials were received from the Varney Bros., War-

ren Whiting, George C. Rhodes, Walter Chamberland, Rosalphe Brodeur, and Joseph Fleurette.

The Selectmen, the Highway Superintendent and the Water Department deserve praise for their co-operation and contributions.

Much work still remains to be done on the field. If the present grounds and equipment are maintained, and improvements made yearly, Bellingham will eventually have a field that will compare favorably with those of other towns.

LIBRARIAN'S REPORT

To the Public Library Trustees:

The annual report of the librarian for the Bellingham Free Public Library is herewith presented:

Our circulation of books for the past year has shown a decided increase. This increase has been pronounced in both adult and juvenile categories.

We have again received an unusually large number of books as gifts from interested friends. These gifts are very much appreciated and help insure a good selection of varied reading material. We would like to take this opportunity to thank these contributors.

The outside of the library has been painted.

At this time, I would like to express my grateful appreciation to the trustees, my assistants, the teachers, and the janitor for their cooperation.

Respectfully submitted,

LILLIAN H. GRANGER,

Librarian.

AGE OF ADMISSION TO SCHOOL

Any child who becomes six years of age on or before January 1st of the year following the term when he wishes to enter school may be admitted into the first grade, but in every case the admission of a child under six shall be dependent upon the fitness of the child to profit by the work of the school, such fitness to be determined by the Superintendent. Pupils under seven years of age who have not previously attended school shall not be permitted to enter later than thirty days after the opening of school in September.

NO SCHOOL SIGNAL

The no-school signal will be broadcast at exactly 7:00, 7:15 and 7:30 over WWON in Woonsocket. Also during the 7:15, 7:30, and 7:45

broadcast over WNAC, WBZ, and WEAN. If there is no school in the morning, there shall be none in the afternoon.

In the event that schools do not close on any particularly bad day (rain, snow, cold, or other severe weather) parents are requested to use their own judgment in regard to sending their children to school.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee of Bellingham:

Gentlemen:

It is with pleasure that I submit to you for your consideration my fifth annual report as superintendent of schools of Bellingham.

The total enrolment in all schools is slightly larger than last year. As of October 1, 1947, there was a total of 540 pupils in attendance. On October 1, 1946, the membership was 532. It is very likely that the enrollment for the next few years will show a gradual increase. In anticipating future enrollment many factors have to be taken into consideration such as families moving into town, families moving out of town, the birth rate and the amount of retardation. Considering the factor of birth rate alone, it would definitely appear that during the next five years, there will substantially be more pupils attending our public schools. The following table shows the number of births in Bellingham over a 10-year period:

1937.....	54
1938.....	43
1939.....	52
1940.....	48
1941.....	50
1942.....	69
1943.....	64
1944.....	57
1945.....	57
1946.....	67

In the five-year period from 1937 through 1941 inclusive there were 247 children born. In the five-year period from 1942 through 1946 inclusive there were 314 births. This latter number will be entering our various first grades in the coming five years. So again considering the factor of birth rate alone, it would appear that the difference between these numbers, or 67, would be the amount of expansion expected. The present seating capacity of our school plants will easily take care of anticipated increase in enrollment.

During the year of 1947 five teachers resigned, namely: Miss Stasia Kaczor, Miss Mary Addante, Miss Joan Silverson, of the High School faculty, and Mr. Theodore Finnerty, Principal, and Miss Agnes

Fottler of the South School faculty. Miss Lucille DuBois was engaged to replace Miss Joan Silverson in the Commercial Department at the high school. Mr. Francis Flynn was engaged to fill the vacancy caused by the resignation of Miss Addante, and Miss Eleanor Bailey was elected to take the place of Miss Kaczor in the Home Economics Department. Owing to the size of the Seventh Grade, it was necessary to provide an additional teacher. Miss Dorothy Goguen was appointed to this position the first of December. These changes occurred at the High School. Mr. Anthony Minichiello was transferred from the Center School as principal to the South School as principal to replace Mr. Finnerty. Miss Rosalie Lavalley was elected to the position at the South School left vacant by the resignation of Miss Fottler. Mr. Anthony Minichiello's principalship at the Center School was filled by Mr. Anthony J. Damplo. Mr. Edgar B. Beal was appointed Music Supervisor and began his duties the first of February. He continued his work until after the opening of school in September. He resigned because of transportation difficulties involved in commuting from his home in Wakefield to Bellingham.

The actual everyday classroom instruction in our schools has continued on a high level. Particular attention has been placed on reading in the primary grades. A good basic foundation in reading in these lower grades insures greater success and accomplishment in the upper grades and high school. Keeping our teachers for two, three, or more years, enables them to better understand the abilities, attitudes, and skills of the pupils. Better teaching and learning results. An excellent new course of study, prepared under the direction of the State Department of Education, was put into use in September for use in the primary grades. It is pleasing to note that many of our teachers are taking professional courses late afternoons, evenings and Saturdays. This in-service training is of direct benefit to our school system as more modern, progressive, and scientific teaching methods and procedures are a natural result.

The present enrollment of 66 pupils in grade six which will be next September's grade seven, indicates that this class cannot be sent to the High School building next fall. The building is unduly crowded this year owing to the large class of 51 pupils in the seventh grade. No definite arrangements have been made to date but undoubtedly the grade school buildings will have to be used for the seventh grade next year. This will also mean the necessity of adding one more teacher to the teaching staff.

Like everything else, the cost of education has increased tremen-

dously during the last few years. Teachers have had to be paid much larger salaries to meet the rising cost of living. The cost of all school supplies, services, equipment, and repairs is nearly double the cost of five or six years ago. In order to obtain and retain good teachers still further salary increases will have to be given. At last year's session of the General Court bills were introduced that would give a much larger reimbursement to cities and towns for educational purposes. None of these bills were passed. Again in 1948 bills will be introduced in the legislature for this purpose. It is to be hoped that some action will be taken to help the cities and towns of Massachusetts pay for the mounting cost of education. Further state aid is absolutely essential for the development of future intelligent citizens.

The most important item of repair work done this year was the installation of a new classroom ceiling in the North School. Some repair work was also done on the windows in this school which were in very poor condition. Eight windows on the north side of the two coldest rooms at the South School were weatherstripped. Late in December a new ceiling was installed in the first and second grade room at the Center School and also one in the first and second grade room at the North School. With these exceptions no other improvements have been made except heating, plumbing, electrical, or other work which was absolutely necessary.

Among the needs to be considered for the coming year are the following: the High School roof must have attention. The outside walls should be weather-proofed in some way to prevent seepage of water in bad storms through the walls. The auditorium and most classrooms need refinishing. Classrooms at the North and Center Schools need painting, also the outside wooden trimmings. A new heating system must be put into operation at the South School. It would be well to plan for improving the South School playground area. Some kind of a hard top surface such as tarvia could be used, doing a portion of the play area each year until it is completed. We do not face in the immediate future, as many towns do, the necessity of any school building construction. It would seem advisable to keep all of our present school plants in the best possible condition, and make them attractive both inside and out.

On the closing day of the past legislative session the General Court passed a new law having to do with state reimbursement on account of transportation of school children. Approximately 200 towns will benefit under this law. Bellingham's share for 1947 figured out to be \$3865.

In conclusion may I express to you my sincere appreciation for your very able help and assistance in making the school year a very successful one. I also wish to express my appreciation for the splendid co-operation of the principals, teachers, school doctor and nurse, pupils, parents, and townspeople.

Respectfully submitted,

PERCY L. ROWE,

Superintendent of Schools.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Percy L. Rowe,
Superintendent of Schools,
Bellingham, Mass.

Dear Mr. Rowe:

I herewith submit my sixth annual report as Principal of Bellingham High School.

The enrollment for the year as of October 1, 1947, was 215. The summary shows that there were 27 Seniors, 23 Juniors, 31 Sophomores, 41 Freshmen, 42 Grade VIII and 51 Grade VII.

The entire seventh and eighth grades of the town are now housed in the high school building. Instruction in these grammar grades is given by members of the high school faculty.

The program of studies can be found as a separate item in the school report.

Mr. A. Russell Mack, state supervisor of secondary education, has again approved our high school in Class A for the current school year. This means that accredited colleges will not require entrance examinations in any subject in which our students have received a certifying grade. The passing grade at our school is 70%, and the certifying grade is 80%. Mr. Mack was very complimentary of Bellingham High School on its Audio-Visual education equipment (sound motion picture machine and sound recording and broadcasting equipment), on the excellent condition of the building, and on a very fine and capable faculty.

The requirements for our honor rolls are as follows: Honors 85 per cent or over in each subject; High honors, 95 per cent or over in each subject. Obviously, we are very proud of any student who can keep his name on either honor roll as it indicates he is doing a very creditable piece of work in meeting these standards.

We realize the difficulties you encountered in trying to procure a music supervisor, and we are grateful to have had one for the second semester. However, because of his late arrival it was impossible for us to produce our annual student musical. At the present time I have a student play in production entitled, "The Mad Hatters." This is a full-length three-act comedy which will be staged in our auditorium in February or March. I am producing this play for the senior class fund.

Graduation exercises were held on Thursday, June 19, 1947. We graduated a class of 27 members. A program of the graduating exercises can be found in another part of the school report. Our present plans call for the graduation exercises to take place Thursday, June 24, 1948.

Our annual magazine drive was conducted in the Fall and was very successful because of the untiring efforts of most of the students and the excellent co-operation and generosity of the townspeople. The net receipts from this drive goes into the student activities fund to defray expenses of extra-curricula activities not allowed in the school budget.

The senior year-book, the "Epilogue," will be published again this year by the class of 1948 under the supervision of the class advisor, Mr. Harold Granger. This book will commemorate the tenth anniversary of our high school—1938-1948. As usual, we ask for our advertising staff, a kind reception from the professional and business men of the vicinity and from the alumni, and we wish to sincerely thank them for their generosity and co-operation in the past.

Mr. James J. Keough is Director of our Physical Education program. He is assisted by Miss Yvette A. Ledoux who is instructor of Physical Education for girls. During the good weather our program operates very efficiently as we are able to utilize the baseball field and the auditorium at the same time. However, when the weather forces us to stay indoors we are greatly handicapped as our indoor facilities are inadequate to handle the enrollment of 215.

Miss M. Louise Ballou is our Dean of Girls. She does a very excellent job of handling the many problems of our girls.

The following clubs are sponsored by the teachers:

Sewing Club	Miss Bailey
Camera Club	Miss Wanagel
Biology Club	Mr. Flynn
Etiquette Club	Miss Goguen
Radio Club	Mr. Collins, Director
a) Sound Effects	Mr. Granger
b) Script Writing	Miss Ballou

Our baseball team, coached by Mr. Gregory Greene, local sports editor, won the Tri-County League championship. This was the first championship ever won by a Bellingham High School athletic team. The Athletic Association gave a sports banquet in the Fall and awarded champion jackets to all members of the winning baseball team.

Mike Bonollo, local resident and former Woonsocket High School basketball player, was appointed basketball coach in late October. At the close of the year his team had won two and lost two. It appeared as though he might enjoy a fairly successful season with a practically "green" team.

The Athletic Account is no longer handled by the high school. The Town Accountant notified us to the effect that the Division of Accounts for the state has deemed our athletic program a town project in view of the \$1000 appropriation last March. Consequently, all net game receipts, contributions, etc., to the Athletic Association has to be turned over to the Town Treasurer.

To the people of the Town of Bellingham, the Parent-Teacher Association, the Grange, and the American Legion, we wish to express our thanks for the very fine support given the school during the past year.

In conclusion, I wish to express to you, Mr. Rowe, our appreciation for your co-operative supervision and very helpful hints and ask you to convey to the members of the School Committee our sincere thanks for their help in making this a very successful year.

Respectfully submitted,

EDWARD F. COLLINS

Principal of Bellingham High School.

SCHOOL PHYSICIAN'S REPORT

December 18, 1947.

Mr. Percy L. Rowe

Supt. of Schools

Bellingham, Mass.

Dear Mr. Rowe:

The following is a report of the work done by me as School Physician to the School Department of Bellingham during the year.

The annual physical examinations of the school children showed the following defects:

Enlarged tonsils	132
Enlarged glands	12
Defective teeth	65
Heart murmurs	4
Skin condition	4

501 children were examined.

The general health of the children on the whole was good. It was pleasing to know that most of the defects reported last year to the parents were corrected.

I wish to thank you and the teachers for your co-operation during the year and also Miss Grace Moran, R. N., for her able assistance.

Respectfully submitted,

HAROLD L. SHENKER, M. D.,

School Physician.

BELLINGHAM SCHOOL NURSE'S ANNUAL REPORT FOR 1947

To Mr. Percy L. Rowe,

Superintendent of Schools.

May I present to you the annual report of school nursing in Bellingham for the year ending in December, 1947.

Each school was visited at least once a week when school was in session. The nurse tried to keep a regular schedule when possible of Monday afternoon reporting to North School, Wednesday afternoon to Center School, Thursday morning to High School, and Thursday afternoon to South School.

In March and December the Norfolk County Health Association conducted a chest clinic for the High School senior class. All the class and five teachers that were X-rayed in March were found negative. The December report on the senior class has not yet been received.

A toxoid clinic was conducted in April and a vaccination clinic in June for pre-school children. This meant hours of preparatory work, and home visits to make both clinics successful. In January and February the mid-year weighing and measuring and the general inspection of pupils was in progress. In May and June the final weighing of the children, before the vacation period, was done with weight cards which were sent home to the parents.

Throughout the summer home visits were made to check on corrections of defects found by Dr. Shenker in his physical examination. Quite a number of these defects were corrected. At this time home

visits were made to the children who were entering school for the first time. In October and December the school nurse assisted Dr. Shenker with the annual physical examinations and these findings will be included in Dr. Shenker's report.

Home visits up to December 7, 1947	143
Pupils inspected for disease	209
Classroom inspection of pupils	20
Pupils given first aid treatment	74
Pupils excluded	33
Pupils advised	153
Health talks to classes	29
Cleanliness inspection of pupils	565
Talks with teachers regarding pupils	263
Ill pupils transported home	5
Home visits regarding pupils	128
Home visits to pupils entering school in September	72

Whooping cough, chicken pox, measles, and mumps were the diseases reported and investigated throughout the year. One case of poliomyelitis was reported.

Some of the money collected in Bellingham by the Salvation Army was used to pay for two pairs of glasses. Also a doctor's bill paid for a school child's visit.

In closing may I thank Mr. Rowe, the teachers, the School Committee and the parents for their co-operation and confidence.

Respectfully submitted,

GRACE MORAN

School Nurse.

REPORT OF THE SUPERINTENDENT OF STREETS

The following report of the Street Department is submitted for the year ending December 31, 1947.

To the Honorable Board of Selectmen:

The general procedure was followed as in previous years on secondary roads, namely scraping in the spring and fall and graveling where needed.

Work Done Under Chapter 81

The following streets received surface treatments with asphalt or tar, either in whole or in part. Hartford, South Main, Cross, Center, Beech, Depot, Maple, Pulaski, Central Blvd., California, Stockholm, Pleasant, Ervin, Elbow, Paine, Winter, Blackman, Lake, Chestnut, Park, Mann and Harpin. Gravel was applied on Farm and Lake Streets, gravel patching on other streets.

Sections of Maple and Beech Streets were treated with mixed in place.

Work Done Under Chapter 90 Maintenance

All work done on the above chapter was mixed in place on South Main street.

Lake Street Special Appropriation

Approximately 3000 ft. of new construction was accomplished on this street.

Bridges and Railings

Under the above appropriations, we used about 80 gallons of paint on the railings. A new bridge consisting of both stringers and plank was built on High street. The bridge on Railroad street was repaired. This bridge will have to be rebuilt next year. On the condition of the railings, some are in a very bad condition. Those that were very bad were taken down and cement posts substituted, which we believe is a procedure that should be followed in the future, because once installed and barring accidents, they will last many years.

Signs and Guideboards

The signs and guideboards are in fair condition. Some new guideboards have been installed and others painted and repaired.

Snow Removal

At the time of the filing of this report, we have experienced ten snowstorms of considerable depth. We have tried to keep all roads opened, sometimes under difficult circumstances. I appreciate the patience of some of the people living in the outlying districts for their splendid co-operation.

Equipment

The two new Chevrolet trucks have done considerable work during the year with but little expense. They have stood up very well. The grader that was purchased 10 years ago now seems to be very expensive to operate, entailing a lot of repairs before using.

The roller is in good condition, and other equipment is in fair condition.

Recommendations

1. Appropriate the sum of \$2500 to start work on the elimination of Aldrich's Curve.
2. To appropriate a sum of money to continue work on Lake street.
3. Tar First Avenue in the Charles River Grove section as this street washes badly every year.

Conclusion

It has been a pleasure to work with your board and the state highway engineer, Mr. Henry Rowe. I wish to thank the men employed on the highway for their splendid work and the townspeople for their co-operation.

Respectfully submitted,

TIMOTHY E. FOLEY,

Superintendent of Streets.

REPORT OF BOARD OF PUBLIC WELFARE

Bureau of Aid to Dependent Children

The Bureau aided a total of nine cases involving 17 children during 1947. The Board wishes to state that the increased costs of living and medical care are reflected in the increased cost per case. The increased cost of living is apparent to all. The total cost of Aid to Dependent Children can be broken down as follows:

Total payrolls	\$5,024.02
Less Federal grants (estimated)	1,578.79
	<hr/>
	\$3,445.23
Less estimated state reimbursements	1,674.64
	<hr/>
Net cost to taxpayers of Bellingham	1,770.59
	<hr/>

This net cost of \$1,770.59 means that the Bellingham taxpayers are spending but 35.4 per cent of the total costs of the department and are receiving the remaining 64.6 per cent from the Federal and State Governments.

Bureau of Old Age Assistance

The Bellingham Bureau aided a total of 105 cases during the year. The board wishes to express that in sharply increased costs of living and medical care are the two major factors in the increased costs of this department during the year. The following is a breakdown of the costs of operating the department:

Total payrolls for cases in the town	\$60,495.34
Less Federal grants (estimated)	26,848.43
	<hr/>
	\$33,646.91
Less State reimbursements (estimated)	24,632.32
	<hr/>
	\$9,014.59
Less sums due from other towns	414.93
	<hr/>
Net cost of cases on payrolls to Bellingham taxpayers	8,599.66
Add costs of salaries and supplies	1,699.30
	<hr/>
	\$10,298.96
Less administrative reimbursements (estimated) ...	679.72
	<hr/>
	9,619.24
Add total paid other towns for Bellingham settled cases over which board has no control	1,001.32
	<hr/>
Net costs of department	\$10,620.56

Thus it may be seen that the Bellingham taxpayers are paying just \$8,599.66 out of a total payroll of \$60,495.34, or just 14.2 per cent of total cost. The taxpayers are only paying \$9,619.24 of total cost of \$62,192.82 for cases under direct control of Bellingham Bureau of Old Age Assistance or just 15.2 per cent of total cost.

It is well to remember that the Bellingham Board of Public Welfare is supervised very closely by the State and Federal Governments. The Massachusetts Department of Public Welfare sets up the standards of eligibility for both Old Age and Aid Dependent Children. The state department also sets up budgets which the towns and cities are obliged to follow in determining the grants to be paid each individual case. Thus it can be very easily seen that the Bellingham Board of Public Welfare has very little to do with the amounts paid under Old Age Assistance and Aid Dependent Children.

Report of the Bellingham Board of Public Welfare

The Welfare Department aided a total of 29 cases involving 59 persons. The increased cost of living and much higher hospital and

medical bills were the main reason for increased expenditures for the department. A breakdown of the expenditures for the department are as follows:

Cost of cases living within the town and under control of board	13,683.11
Less state reimbursements	7,433.46
	<hr/>
	\$6,249.65
Less sums due from other towns and cities	954.44
	<hr/>
Net cost of cases within town	\$5,295.21
Add administration—salaries and supplies	1,088.11
	<hr/>
	\$6,383.32
Less administrative expense refund (estimated).....	372.64
	<hr/>
Costs of cases and administration	\$6,010.68
Add sum paid for state infirmary case	547.50
	<hr/>
	\$6,558.18
Add sums paid other towns and cities	978.15
	<hr/>
Net cost of total expenditures of department	\$7,536.33

Thus it may be seen that the Welfare Board spent the sum of \$16,296.87 on all welfare purposes, to the state and to other cities and towns. It may also be seen that only the sum of \$13,683.11 was paid for relief cases within the town. Of this sum the Bellingham taxpayers will pay net only \$5,295.21, or only 38.7 per cent of the total cost. It may also be seen that for relief under control of the local board and for total administration the net cost is but \$6,010.68 or 43.9 per cent. Of the total cost of the department the net cost to the town is \$7,536.33 or 46.2 per cent of the total cost.

Thus it can be readily seen that the costs of the three Welfare Departments are not anywhere near as expensive to the taxpayers of Bellingham as claimed.

Old Age Assistance, net cost	\$10,620.56
Aid Dependent Children, net cost.....	1,770.59
Welfare net cost	7,536.33
<hr/>	
Total net cost of all three	\$19,927.48

REPORT OF THE DIRECTOR OF VETERANS' SERVICES

For the Fiscal Year Ending December 31, 1947

To the Board of Selectmen of Bellingham:

Gentlemen:

I herewith submit my first annual report as a director of Veterans' Services in the Town of Bellingham.

The year of 1947 has presented a number of different problems to the Veterans' Department. It is with pride that I am able to report that the problems have been taken care of to the satisfaction of the veterans involved. At no time was a needy or deserving veteran turned away. Every effort was made to help him.

The following is a summary and list of the forms used by this department in the year of 1947:

Massachusetts State Bonus	25
Appeal for Disallowed Bonus	10
Affidavits in Support of Claims	15
Educational Benefits Under Public Law 346	30
Terminal Leave	45
Pension	8
Outpatient Treatment	2
Application of Veteran Benefits	18
Certified Copies of Discharges	12

There have been 35 discharges recorded in 1947. This means that there are still a number of discharges not recorded. I urge every veteran who has not had his discharge recorded to do so at once. Every veteran owes it to himself and his family to protect his discharge in this manner.

Financial Report For the Fiscal Year Ending December, 1947

Original appropriation	\$4,450.00
Supplementary appropriation	900.00
	<hr/>
	\$5,350.00

EXPENDITURES

1. Administrative Expenses:	
Director's salary	440.00
Travel	83.00
Supplies	28.51
2. Honor Roll Expenses:	
Repairs and upkeep	100.00
3. Veterans' Benefits:	
Cash	3,182.02
Groceries	414.27
Fuel	82.35
Doctors	355.00
Clothing	9.18
Hospitals	299.00
Rent	91.00
Medical	16.23
Moving	57.68
	<hr/>
	\$5,158.24
Unexpended balance	\$191.76

The average cost per case will undoubtedly be higher in 1948, and therefore the cost of operating the department will necessarily be higher. It must be kept in mind that the Veterans' Department will have to grow in the coming years. At this time there are 1500 or more people in Bellingham eligible to receive aid under veterans' benefits. With the co-operation of the people of Bellingham, I feel sure that the Veterans' Department will serve the veterans as well in the future as it has in the past.

Respectfully submitted,

CHARLES MICHALOWSKI,
Veterans' Director.

November 24, 1947.

Board of Selectmen,
Bellingham,
Massachusetts.

Gentlemen:

This is to inform you that I am resigning as Veterans' Agent in the Town of Bellingham—this resignation to take effect December 31, 1947.

I wish to take this opportunity to express my thanks to the Board of Selectmen for the confidence they placed in me when you appointed me to this office. I also wish to thank the Board of Selectmen, the Town Clerk, Mr. Gosselin, and the Town Accountant, Mr. Taylor, for the co-operation which you all have given me in all matters.

During the time I served as Veterans' Agent, I tried to the best of my ability to serve faithfully not only the veterans of Bellingham, but also the non-veteran taxpayers.

I also wish to state at this time that whoever succeeds me in this office will receive from me all the aid and co-operation that he may need until such time as he feels that he may carry on the duties of Veterans' Agent without further aid.

Respectfully submitted,

CHARLES MICHALOWSKI.

REPORT OF THE INSPECTOR OF ANIMALS AND MILK

To the Board of Selectmen:

Gentlemen:

During the past year I have checked the ear tag numbers of 408 cows which arrived in the Town of Bellingham from out of state, and have registered them with the Division of Livestock Disease Control in Boston, Mass.

In a recent survey of 25 farms in Bellingham, I have found conditions concerning farm animals, cow barns and milk handling up to standard.

Respectfully submitted,

ARNOLD W. WADE,

Inspector of Animals and Milk Inspector.

REPORT OF THE INSPECTOR OF SLAUGHTERING

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Inspector of Slaughtering for the Town of Bellingham for the year ending December, 1947.

I have inspected all slaughtered animals that I have been requested to and have stamped the meat of said slaughtered animals as is required by the laws of the Commonwealth of Massachusetts.

All animals which are to be slaughtered and offered for sale as human food, or any part of which is to be offered for sale, must be inspected at the scene of slaughtering, and the meat properly stamped by the Inspector of Slaughtering.

Domestic animals slaughtered for home consumption need not be inspected and stamped.

During the year two slaughtering licenses have been issued.

I have been requested to inspect and stamp 42 cows, 13 pigs and 14 calves during the year ending December 31, 1947.

I am of the opinion that those who have slaughtered animals in the town for local sale have been careful to comply with the laws covering the inspection and stamping. I wish to thank the Board of Selectmen for their cooperation.

Respectfully submitted,

EMILE GAREAU,

Inspector of Slaughtering.

REPORT OF THE WATER COMMISSIONERS

The Water Commissioners organized on March 17, 1947. Mr. Timothy A. Riordan was elected chairman, Mr. Norbert J. Martel was named collector for the Water Department, Mr. Romeo A. Carrier was named superintendent of the water system, and Mr. Arthur J. Martel was appointed clerk of the Water Department.

A new pump was installed in No. 2 pumping station. The Wrentham street project has been extended as far as funds were available. The Water Department installed many new services during 1947 and as soon as weather permits many requested services will be installed.

The Water Commissioners wish at this time to express their appreciation to the Board of Selectmen, and other town officials, and to the townspeople for their help and consideration during the year of 1947.

TIMOTHY A. RIORDAN
RODOLPHE BEAUREGARD

Bellingham Water Commissioners:

I hereby submit my report for the collection of water accounts during the period of January 1, 1947, to December 31, 1947.

REPORT OF THE BOARD OF SELECTMEN

The Town of Bellingham, in its 29th year, is prospering.

The active interest in the town affairs by its people is a great asset.

Well located in the Blackstone Valley, Bellingham adjoins Woonsocket. This city is a large diverse manufacturing center. Bellingham's financial well being is tied up with that of Woonsocket, at present. As Woonsocket prospers, so does our town.

Bellingham is also near Boston, Worcester and Providence. The further growth of any of these cities, in these days of better transportation, will aid our people and commerce.

Our community is enjoying a building boom. Good locations, low land values, with the advantages usually found only in larger communities, is the reason. The new citizens are taking an active part in our community life.

Important gains in valuations and future employment were made in 1947. The mill at Box Pond continues to enlarge. The erection of an airport in North Bellingham has started. A permit for a midget auto race track at the Four Corners has been granted. A new mill has started operations on Governor Avenue, while the factory at the state line is being improved.

The problem facing our taxpayers now is the increased cost of government. Like everything else this cost has risen sharply. Other towns and cities in the state have the same trouble. Expenses are up, revenue the same. The state legislature, which has the power to levy new taxes, up to the present, has failed to do so. This leaves the town having to pass the burden of the increased cost onto the real estate tax payers. The town budget is being very closely gone over, and all uneconomical items eliminated. The town, after the annual financial town meeting, will pass the problem to the Assessors. The Assessors will then have to increase valuations to meet the deficit, or increase the tax rate, or increase both valuations and tax rate.

Chief Wasyl Kornicki of the fire department completed his seventeenth year of service for the people. His record and achievements are outstanding. The highway department functioned ably under the direction of Timothy E. Foley. The town received full value for money

expended despite rising costs. The three buildings, Town Hall, North Community, and South Community, were improved this year. It is hoped that further improvements may be made in 1948.

William W. Fairbanks, town official, removed from town during the year to be nearer his work. An outstanding citizen, Bellingham disliked to see Moderator "Bill" go.

New faces were welcomed into the official family during the year. Joseph I. Taylor was appointed Town Accountant. Charles Michalowski was named Veterans' Administrator. When he resigned to continue his education, Leo A. Gariepy was named in his stead. Windsor D. Bates was made clerk of the selectmen.

Receipts: The receipts from licenses and other sources issued and granted by the Board of Selectmen in 1947 reached a total of \$3,557.50 (three thousand five hundred fifty seven dollars and fifty cents).

The Selectmen wish to thank the townspeople and town officials for their co-operation during the past year.

Selectmen of Bellingham.

EDGAR WADE, Chairman,
HENRY FORGET
TIMOTHY A. RIORDAN

REPORT OF THE FINANCE COMMITTEE

To the Citizens and Moderator of Bellingham:

Your committee again calls attention to the fact that insufficient time is being allowed to consider all articles in the Town Warrant as carefully as they wish to. Also some departments have delayed filing their budget estimates until the last possible moment, thereby greatly increasing the committee's burden. Some cause for delay can be attributed directly to inadequate record keeping by several departments. This could be corrected, we believe, by consulting with either the Director of Accounts, Town Accountant, or if need be some outside firm of specialists in that line.

The excellent co-operation of the Treasurer and the Accountant is hereby acknowledged. Both have been frequently called upon to

furnish detailed tabulations and reports to the Committee. Compliance was always prompt and complete. The cost of the state audit in 1948 will show a noticeable reduction as compared to previous years.

The end of the year finds your Town without reserves of any kind which could possibly be used to reduce a very substantial increase in the tax rate definitely indicated by 1947 costs. The lack of any available funds must be attributed to the following:

1. Failure of department heads to request full year's funds at the annual town meeting. It must be borne in mind by all that the March appropriations should cover the annual cost retroactive to January 1.

2. Reluctance of the meeting to vote adequate funds, perhaps chiefly caused by misunderstanding of the above retroactive principle.

Voters are asked to bear in mind that public services instituted at their own behest must be granted adequate funds if continuance is desired.

The responsibility likewise devolves upon each department to forecast its needs with sufficient accuracy to allow full twelve month operation without recourse to special transfers except in case of unforeseeable emergency. The duty of each department head to remain within an adequate appropriation should be obvious, but must be stressed nevertheless.

If the policy outlined above coupled with rigid economy could be maintained for the next few years, reserves of the town would accumulate to the benefit of all. The present situation is the result of prolonged disregard of it.

Your attention now is called to the Town's charity expenditures which are rising at an alarming rate. In 1946 the combined total expenditure of the agencies, the Welfare Board and the Veterans' Benefits, represented 32.03 per cent of all money spent by the budgeted departments. In 1947 the figure is 34.29 per cent.

There is no evidence at hand which can substantiate any hope for reduction of this expense or the rate of increase. Should there be a

lengthy period of unemployment, the position of both the needy and the productive real estate owner and businessman of Bellingham would be grave indeed.

TOWN ACCOUNTANT'S REPORT

To the Citizens of Bellingham:

The report of the Accounting Department of Bellingham is hereby submitted. The following is a statement of Appropriations, Receipts and Expenditures as well as a Trial Balance as of December 31, 1947, showing balances carried forward to 1948.

It is recommended that all departments consult by-laws before making expenditures.

Also that all bills be turned in to the Accounting Department weekly. It has been customary for some departments to hold bills for lengthy periods before approving them for payment. This is a poor practice and hinders merchants from receiving payments due them. This also was the cause of some bills being included in the Unpaid Bills for 1947.

Those departments who make charges to individuals, cities, or towns are obliged by law to forward copies of bills to the Accounting Department and should do so promptly so they can be recorded on the town books.

Attention is called to the By-Law which states that all money received shall be paid to the treasurer weekly.

As co-operation between the Accounting Department and all Town Departments is necessary for the smooth recording and paying of obligations, I express my thanks to the Selectmen, Finance Committee and all other departments that fully co-operated.

JOSEPH I. TAYLOR,
Town Accountant.

**REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN
OF BELLINGHAM FOR THE PERIOD FROM APRIL 26, 1946,
TO MARCH 14, 1947**

**Made in Accordance with the Provisions of
Chapter 44, General Laws**

June 11, 1947.

To the Board of Selectmen,
Mr. Edgar Wade, Chairman,
Bellingham, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Bellingham for the period from April 26, 1946, to March 14, 1947, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

Mr. Francis X. Lang,
Director of Accounts,
Department of Corporations and Taxation
State House, Boston.

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Bellingham for the period from April 26, 1946, the date of the previous audit, to March 14, 1947, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing

bills for collection, were examined and checked with the books of the town accountant and the treasurer.

The books and accounts in the town accountant's office were examined and checked in detail. The receipts as recorded were checked with the available departmental records and with the treasurer's books, while the payments as recorded were checked with the treasury warrants. The ledger accounts were analyzed and it was found that the ledger for 1946 was not in balance, it being necessary to check all postings in detail in order to locate the clerical errors. In addition, it was found necessary to add all treasury warrants, in which connection it was found that in the case of three warrants the aggregate amounts approved for payment were in excess of the amounts of the detailed vouchers as appearing on the warrants.

The appropriations and transfers, as listed from the town clerk's records of town meetings, were checked to the town accountant's ledger. The necessary adjustments resulting from the audit were made, a trial balance was taken off, and a balance sheet, showing the financial condition of the town on March 14, 1947, was prepared and is appended to this report.

It is recommended that a determined effort be made to carry on properly the accounting system as installed for the town, which system provides for automatic checks on the finances of the town and which is designed to furnish information to town officials and interested citizens concerning the financial condition of the town at all times.

It was noted that it has been the custom to charge the highway department payrolls for the first few months of each year to the snow removal appropriation, apparently due to the fact that no general highway maintenance appropriation is provided by the town. It is recommended that an appropriation be voted for general highway maintenance in order that funds may be available for highway expenditures which are not properly chargeable to the snow removal account.

In checking the expenditures against the several appropriations voted by the town, it was noted that although the town voted an appropriation in 1946 of \$600 for the town accountant, (it being understood that \$500 was for salary and \$100 for expenses) the actual expenditures aggregated \$1,045.66, of which amount the accountant received \$945 in salary and \$100.66 was paid for miscellaneous expenses. The overdraft of \$445.66, which is in violation of Section 31, Chapter 44, General

Laws, was covered up by the town accountant by making direct charges of \$170 to four other appropriation accounts and by arbitrarily transferring \$275.66 from six different appropriation accounts to the accountant's appropriation.

The impropriety and illegality of such transactions should be apparent.

In checking the paid vouchers on file, it was noted that there were a number of bills on which the town had failed to take advantage of the cash discount offered for prompt payment.

It was also noted that a number of paid bills and vouchers for personal services and expenses, notably in the old age assistance department, lacked sufficient detail. No bills or vouchers should be placed on a warrant for payment unless they are sufficiently itemized to allow the town accountant and the selectmen to determine the correctness of the charges.

In checking the town meeting votes it was noted that appropriations of \$300 in 1946 and \$1000 in 1947 were voted for school athletics. From the amount of the appropriation voted in 1947, it appears that it is the intent of the town to carry on school athletics as a town function, in which connection it is recommended that all receipts received from this enterprise be paid into the town treasury, as required by Section 53, Chapter 44, General Laws.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was added, and the receipts as recorded were analyzed and compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury. The payments were checked with the warrants of the selectmen authorizing the disbursement of town funds and with the town accountant's records.

Considerable difficulty was experienced in reconciling the treasurer's cash balance due to the many errors and omissions in entering receipts and in recording payments and due to the failure of the treasurer to reconcile the bank statements or to add the cash book.

It was therefore necessary, in order to reconcile the bank balances with statements furnished by the banks of deposit, to add the cancelled checks and compare them with charges by the banks as shown

by the bank statements; to compare the cancelled checks with the amounts entered in the check register; to add and balance the check register; and to compare and verify the checks issued with the treasury warrants and with the vouchers when necessary.

The adjusted cash balance on March 14, 1947, was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

It is recommended that the treasurer reconcile his bank account at frequent intervals and show his reconciliation in the check register in the space provided.

The additional work which was required in order to balance the accountant's ledger and to reconcile the treasurer's cash added materially to the cost of the audit.

It is recommended that all checks drawn by the treasurer by either distributed by him to the payees or mailed by him to the payees whenever personal delivery is impracticable, since no person other than the town treasurer has the legal authority to make payments in behalf of the town.

The payments on account of debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The savings bank books representing the investments of the cemetery trust funds in the custody of the town treasurer were examined and listed, the income being proved and the disbursements being verified.

The records of tax titles and tax possessions held by the town were examined and checked. The amounts transferred from the several tax levies to the tax title account were verified. The tax title redemptions and the tax possessions sold were checked with the receipts as recorded on the treasurer's cash book. The tax titles on hand were listed and compared with the records in the Registry of Deeds.

During the course of the audit, assistance was given to the new treasurer, and as of April 30, 1947, the treasurer's cash book and the check register was balanced, and the bank balances were reconciled with statements furnished by the banks of deposit.

The books and accounts of the tax collector were examined and checked in detail. The tax accounts outstanding at the time of the previous examination, and all subsequent commitment lists were audited and reconciled with the assessors' warrants. The payments to the treasurer were checked to the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, the transfers to the tax title account were checked, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding tax accounts were made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of sporting and dog licenses issued were examined. The payments to the state were verified by comparison with the receipts on file, the payments to the town treasurer were compared with the treasurer's cash book, and the cash on hand was proved by actual count.

The commitments of water charges were examined and checked. The recorded payments to the treasurer were compared with the treasurer's cash book, the abatements were verified, and the outstanding accounts were listed and proved.

Verification of the outstanding water accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts as listed are substantially correct.

In the examination of the water accounts it was noted that there are a number of old outstanding accounts and it is recommended that a determined effort be made to enforce their collection. In checking the meter reading books into the commitment list of water charges, it was noted that numerous meters have not been read, only the minimum rate for water being charged. It is recommended that all meters be read each quarter so that the charges to consumers will represent the actual consumption of water.

In addition to the departments and accounts mentioned the book and accounts of all other departments collecting money for the town

or committing bills for collection were examined. The recorded collections were checked with the payments to the treasurer, and the cash on hand was verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

In addition to the balance sheet referred to there are appended to this report tables showing a reconciliation of the treasurer's and collector's cash, summaries of the tax, tax title, departmental, and water accounts, as well as a table showing the condition and transactions of the cemetery trust funds.

While engaged in making the audit, co-operation was received from the various town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.
